

DANISH SHAFI BHAT

User Acquisition Specialist | Performance Marketing | Mobile Growth

 Srinagar, J&K, India |  +91-9682602808 |  danishshafibhatt@gmail.com |  [linkedin/danish-bhat](#)

PROFESSIONAL SUMMARY

Results-driven UA Specialist with 2+ years of experience managing CPI, CPA, and CPR campaigns across global geographies. Proven ability to independently operate end-to-end network-side performance marketing — from publisher onboarding and postback configuration to fraud control and ROI optimization. Skilled in AppsFlyer, Adjust, and Affise, with a strong focus on data-driven decision-making and scalable growth.

PROFESSIONAL EXPERIENCE

Iconpeak — UA Specialist

May 2024 – Present

Campaign Management & Optimization

- ▶ Independently manage network-side performance marketing across 8+ geographies, handling multiple CPI, CPA, and CPR campaigns across diverse traffic sources.
- ▶ Execute data-driven optimization — bid adjustments, traffic source pruning, placement optimization — consistently improving CVR and reducing CPA across active campaigns.
- ▶ Monitor daily KPIs (CTR, CVR, CPI, D1/D7 retention, ROI) and implement corrective actions to sustain efficiency and profitability targets.
- ▶ Scale high-performing campaigns by identifying top traffic sources, negotiating volume deals, and coordinating with publishers on placement-level performance.

Attribution, Tracking & Integrations

- ▶ Manage and validate conversion tracking via AppsFlyer, Adjust, Swarm, Affise, and Impact — ensuring accurate real-time data flow between advertiser and internal systems.
- ▶ Handle end-to-end API integrations and postback configurations for new publisher/advertiser onboarding, reducing go-live time and tracking discrepancies.

Fraud Control, Partnerships & Reporting

- ▶ Identify and mitigate fraudulent/low-quality traffic by monitoring behavioral anomalies, enforcing advertiser restrictions, and maintaining traffic compliance standards.
- ▶ Work directly with advertisers and publishers to onboard campaigns, negotiate commercial terms, define KPIs, and prepare detailed performance reports for strategic decision-making.
- ▶ Collaborate with BD, operations, and technical teams to test new offers, expand publisher partnerships, and scale revenue-generating campaigns.

Chinar Libertas — Customer Success Intern

Feb 2024 – Apr 2024

- ▶ Assisted advertiser, publisher, and affiliate network management for CPI and CPA campaigns; supported MMP campaign setup, postback implementation, and performance monitoring.
- ▶ Conducted market and competitor research; gained foundational knowledge of API integrations, attribution models, and mobile advertising fraud prevention.

CORE SKILLS & TOOLS

MMP Platforms: AppsFlyer · Adjust · Swarm · Affise · Impact · Everflow

Campaign Types: CPI · CPA · CPR · Retargeting · In-App Events

Key Metrics: CTR · CVR · CPI · ROAS · LTV · D1/D7 Retention · ROI

Technical: API Integration · Postback Configuration · Event Tracking · Attribution Modeling

Fraud & Traffic: Traffic Quality Analysis · Fraud Detection · Publisher Compliance · Anomaly Monitoring
